Property Highlights

Montgomery Mall is a vacant former retail mall on approximately 40 acres. BRC controls 442,000 SF of space which includes 256,333 SF of single story in-line shop space and a 2 story anchor space previously occupied by J.C. Penney. The property includes 2 developed outparcels currently leased to BP and Firestone.

Montgomery Mall is located in Montgomery, Alabama at the intersection of U.S. Highway 231 and South Boulevard, south and east of downtown. The property is readily accessible from Interstates 85 and 65, the two interstate highways serving the Montgomery area.

The site is being readapted for medical/educational/governmental focused uses. Local municipal governments and civic groups actively support efforts to transform the former retail site into a reenergized community destination. BRC is working with these groups to create a project which serves the needs of the citizens of greater Montgomery, especially those living in the south Montgomery area.
